

Engaging students, empowering educators.

WHAT IS IT?

Sapling Learning is an instructional online homework system which drives student success and saves educators time. Our easy-to-build assignments provide interactive feedback to increase student learning and retention.

- **Easy-to-use** – Sapling Learning's user-friendly platform means instructors and students can quickly understand and take advantage of our powerful tools right away.
- **Quality courses** – Our interactive problems and feedback are designed to help students identify knowledge gaps and provide helpful feedback in real time – just like a personal tutor.
- **Unsurpassed support** – Sapling Learning not only provides instructor support, but student support as well. We'll match you with a subject specialist PhD or Masters level Client Success Specialist who will help you set up your course in Sapling. We also provide support to address any student questions or issues.
- **Textbook freedom** – Sapling Learning is not tied to a specific textbook or edition, giving instructors freedom to customise the syllabus and students the flexibility to choose more affordable options.

HOW DOES IT WORK?

1. Meet your dedicated PhD-level Client Success Specialist

We match you with a Client Success Specialist – a PhD or Master's-level expert – to provide platform and course support throughout the semester.

2. They customise your course to your goals

Your Client Success Specialist can help you tailor all aspects of your course – homework questions, grading, and more – to meet your student learning goals.

3. Sapling Learning tracks student progress

Sapling Learning automatically tracks student progress and compiles performance analytics so you can identify and address specific student needs.

COURSES WE SERVE:

Chemistry:

- Introductory Chemistry
- General Chemistry
- General Chemistry Labs
- Organic Chemistry
- Organic Chemistry Labs
- Analytical Chemistry
- Biochemistry
- Inorganic Chemistry
- General, Organic & Biochemistry
- Intro to Chemical Engineering

Introductory Statistics:

- Statistics

Economics:

- Economics

Physics & Astronomy:

- Physics
- Physical Science
- Astronomy

Biology:

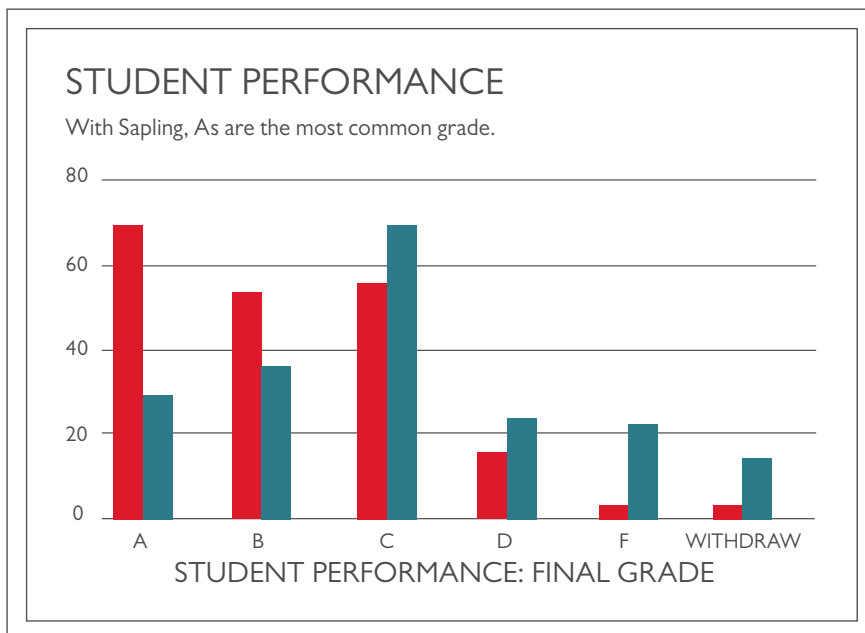

- Anatomy & Physiology
- General & Introductory Biology
- Genetics
- Human Biology

THE SAPLING STORY

Sapling Learning consists of a team of educators (30+ with Master's and PhDs and growing), software developers and marketers who believe in proven, measurable results and access to quality online homework and instruction solutions for all students.

We also believe that although new technology provides boundless capabilities and exciting, educational opportunities, nothing replaces the value of one-on-one peer interaction. That's why we offer the best support in the industry and match educators with a Client Success Specialist to provide support and collaboration throughout the semester.

70% of educators rate our Client Success Specialist's support as extremely valuable.

90% rate Sapling Learning's service and support as superior to other online homework systems they have used.

More students achieve **As and Bs** with Sapling Learning.
