

Politics and
International
Relations

PASSIONATE ABOUT HIGHER EDUCATION

We develop books and learning resources for university-level students, from undergraduate to graduate, with a focus on the Social Sciences, Humanities, Business, Study Skills and the Sciences. Our academic textbooks are some of the most successful in print and our sophisticated e-learning resources integrate seamlessly with course delivery.

FROM THE EDITORS

Here, we showcase our latest textbooks in Politics and International Relations. In particular, we're excited to present a new fifth edition of Andrew Heywood's perennial student-favourite, *Politics*, as well as the latest instalments of Hague, Harrop and McCormick's *Comparative Government and Politics* and *Introduction to International Relations* by Joseph Grieco, G. John Ikenberry and Michael Mastanduno.

We hope that there's something for everyone here, but for details of our wider publishing in the field – and beyond – as well as more comprehensive information on all the titles listed across the following pages, please visit our website:

www.macmillanihe.com/politicsir

Finally, if you have any feedback on our titles or have an idea for a new textbook, then please do get in touch with us.

NEW FOR 2019

Rethinking Global Governance

Author: Mark Beeson

Publication date: March 2019

ISBN: 9781137588609

Beeson introduces the nature and institutions of global governance today, and considers the coming challenge of the rising powers. The text sets global governance in historical context and looks at progress in specific issue areas to give a clear and grounded account of the prospects and possibilities for governing today's global problems, and shows the possibility of governing globally is both necessary and likely. **£31.99 | Paperback**

Environmental Politics

Environmental Politics and Policy

Author: John McCormick

Publication date: November 2017

ISBN: 9781137603999

A new textbook offering systematic coverage of the key concepts in the study of environmental politics; the evolution of environmental thinking; the national and international actors involved in environmental policy; and a selection of specific environmental problems including their causes, the challenges and results of addressing them to date. **£29.99 | Paperback**

NEW FOR 2018

Environmental Political Thought

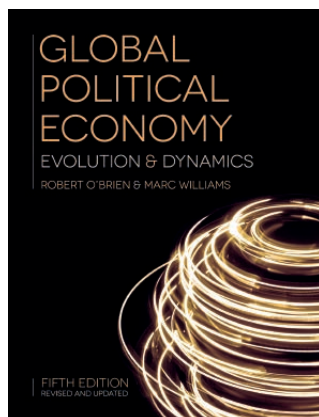

Author: Robert Garner

Publication date: October 2018

ISBN: 9781137607393

An overview of the most prominent theories, concepts and debates in environmental political thinking, enabling readers to better tackle perennially thorny questions such as what environmental cost can we bear for development, and what do we mean by terms like 'sustainability'. **£30.99 | Paperback**

Political Economy

Global Political Economy: Evolution and Dynamics

Authors: Robert O'Brien and Marc Williams

Publication date: April 2016

ISBN: 9781137523112

5th edition

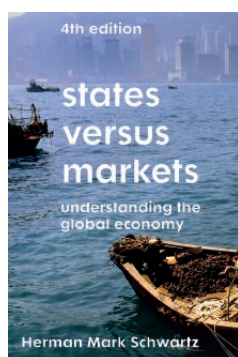

This fifth edition of a comprehensive and popular text on global political economy has been systematically updated and revised to take account of all recent developments. **£32.99 | Paperback**

What lecturers think...

“Robert O'Brien and Marc Williams' *Global Political Economy* is one of the best texts in global political economy on the market today. It is very well structured and rigorous...

This textbook consistently links theory with case studies in a way that time after time inspires students to continue to engage with the excellent range of topics it deals with.”

Filipa Figueira, University of London, UK

States Versus Markets

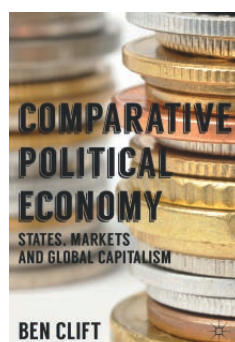

Author: Herman Mark Schwartz

Publication date: January 2019

ISBN: 9781352004434

A unique accessible, broad introduction to the development of the global economy from its inception to today's complex relationship between states and markets in the midst of economic crises. **£32.99 | Paperback**

Market leaders in study skills publishing

As the UK's bestselling study skills publisher, we have over 15 years' experience producing texts and digital resources to support students in the transition to university and in developing the core academic skills required to succeed on their course and in future careers.

Our extensive range of titles, covering the key skills with which students struggle, such as critical thinking, referencing, writing skills and personal development to name a few, are practical, intuitive and thoughtfully designed.

Written by expert authors, including bestselling author Stella Cottrell, our titles will provide your students with an excellent foundation on which to build their subject-specific knowledge.

Visit www.macmillanihe.com/study-skills to discover our full study skills range.

IN ADDITION TO PRINTED BOOKS, WE DEVELOP INTERACTIVE DIGITAL RESOURCES:

macmillan
citethemright

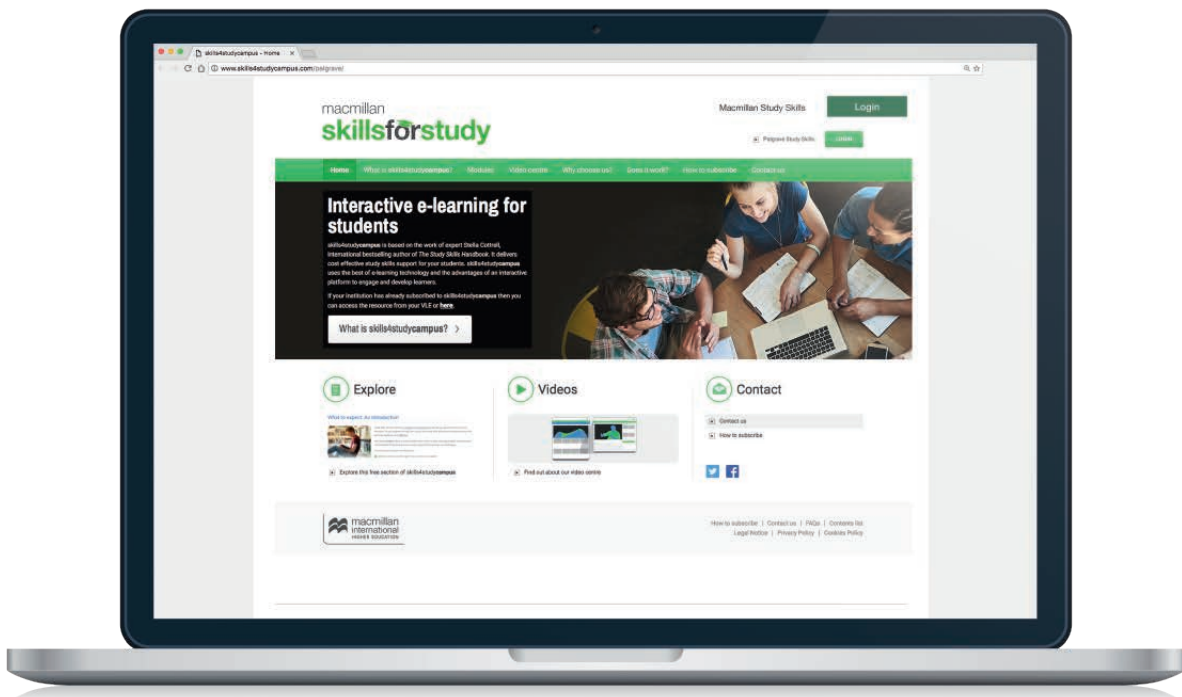

Cite them right is an online referencing resource which equips students with the skills to reference any source correctly and to avoid plagiarism with confidence.

Visit www.citethemrightonline.com for more information or to arrange a free trial.

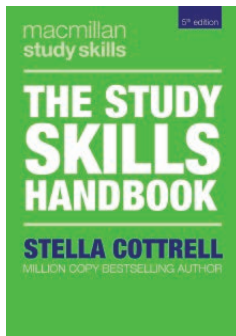

macmillan
skillsforstudy

Skills for study is a 12 module resource, which offers diagnostic tests, videos and other engaging activities to help students to hone their academic skills, employability and approach to personal development.

Visit www.skills4studycampus.com for more information or to arrange a free trial.

HERE'S A SELECTION OF OUR BESTSELLING TITLES:

The Study Skills Handbook

Author: S. Cottrell

Publication date: April 2013

ISBN: 9781137289254

“A comprehensive, practical and extremely user-friendly guide to studying at university and a crucial addition to any student’s book list. This indispensable resource is full of useful suggestions, checklists and examples... Taking a holistic view of what being a student involves, this book empowers, informs and guides students...”

Sarah McCarthy, University of Exeter, UK

Skills for Success

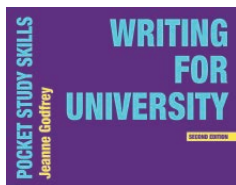

Author: S. Cottrell

Publication date: January 2015

ISBN: 9781137426529

“This is a fantastic book packed with useful and interactive activities to enhance performance.”

Bromley College of Further and Higher Education, UK

Writing for University

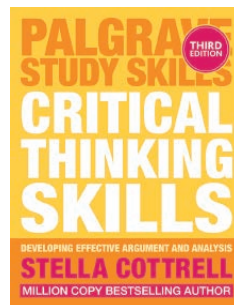

Author: J. Godfrey

Publication date: March 2016

ISBN: 9781137531865

“Clear, concise and well written using plenty of examples and practical tips... they do actually fit in your pocket!”

Victor Glynn, Oxford University, UK

Critical Thinking Skills

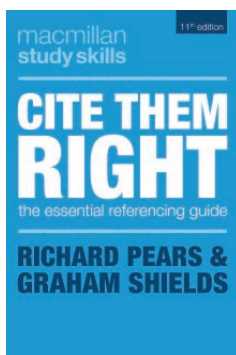

Author: S. Cottrell

Publication date: March 2017

ISBN: 9781137550507

“This is a really excellent book. Students struggle greatly with the concept of criticality and this book takes students through a gentle step-by-step approach to understanding what criticality means. It does this with very helpful exercises... I would recommend it most highly.”

Carol Taylor, Manchester Metropolitan University, UK

Cite Them Right

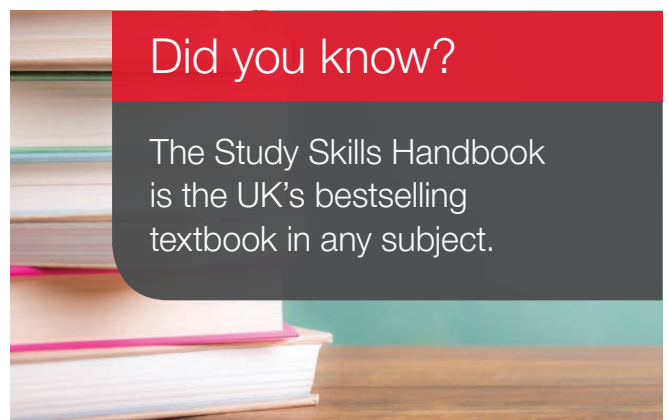

Author: R. Pears; G. Shields

Publication date: May 2016

ISBN: 9781137585042

“Cite Them Right may be the most useful book ever written. Referencing finally made simple.”
